

Documentation of Tile Making Process

Art making is a process of conscious decisions. Make sure to document the creation of your collagraph and final tile to show your thought process and explain the decisions you made regarding the images used, your use of translations, the use of the elements and principles of design and the final pattern that you create on your tile. Use proper procedural writing structure to explain each step.

Step 1. Plants and/or flowers used in design

Step 2. Design process

Step 3. Collagraph creation

BLM 3.9

Step 4. Tile Layout

Step 5. Colour choice

Please note – These steps are only a suggested minimum. You may document more steps as required in your process.
